Site will remain open from 0900 hours of 30.07.2018 to 1730 hours of 20.08.2018 to register the applications online.

Space Applications Centre (SAC), Ahmedabad is one of the lead Centres of Indian Space Research Organisation (ISRO), Department of Space (DOS). SAC focuses on the design and development of space borne instruments for terrestrial and planetary missions of ISRO, and operationalisation of space technology for various applications related to national development. The applications cover communication, broadcast, navigation, disaster monitoring, meteorology, oceanography, environment monitoring, natural resources survey and planetary science studies. SAC develops transponders for the INSAT, GSAT and IRNSS series of Communication and Navigation satellites; and the optical and microwave sensors for IRS and small satellite series of Earth Observation satellites. Further, SAC also develops ground transmit and receive systems and data / image processing systems. SAC has highly sophisticated payload design and integration laboratories and facilities for electronic and mechanical fabrication, environmental testing, image processing and analysis. SAC library is one of the finest libraries in this part of India. SAC is also actively involved in imparting training to scientists and engineers from countries of the Asia Pacific Region through various PG diploma programmes of the UN-CSSTEAP.

Careers advancement for Technical posts in ISRO is based on Merit Promotion Scheme, where the employees are reviewed and promoted to next grade on merit after a prescribed residency period; without reference to vacancies. SAC presents a challenging and promising career opportunity to talented hardworking professionals.
